

ELIGIBILITY

An applicant for the scholarship must (a) have successfully completed at least two years of study in an Indiana accredited college by August, 2017, (b) have a minimum cumulative grade point average of 2.5 (on 4.0 scale), (c) be an undergraduate enrolled in an agricultural or natural resource conservation related curriculum, and (d) be working toward his/her first B.S. degree.

Scholarship applicants will be enrolled in such major courses of study as agronomy, biology, soil science, wildlife management, forestry, geography, and environmental management. Other courses of study related to conservation may also qualify. Previous recipients are not eligible for a second Hoosier Chapter scholarship.

SELECTION

A scholarship selection committee, composed of members of the Hoosier Chapter Soil and Water Conservation Society, will make the selection of winners based on financial need, scholastic achievement, career objectives, and demonstrated leadership in student activities. No Hoosier Chapter member may serve on the scholarship selection committee if related to any scholarship applicant.

SCHOLARSHIP

One scholarship of \$1000 will be awarded. Recognition of scholarship recipient and presentation of award will be made at the annual meeting of the Chapter held in November.

DEADLINE

Applications for the scholarship may be emailed or sent by regular mail, and must be received by the scholarship selection committee chairman, or postmarked by **October 1, 2017**.

HOOSIER CHAPTER SOIL AND WATER CONSERVATION SOCIETY

The scholarship program is intended to encourage qualified students to increase their interest in conservation, to obtain technical competence in some area of conservation, and to pursue a career in this area of endeavor.

The Soil and Water Conservation Society is a nonprofit, scientific and educational association. The Society advocates the protection, enhancement, and wise use of soil, water, and related natural resources. Through education and example, we promote an ethic that recognizes the interdependence of people and the environment.
